CAPTAIN ROBERT VIERA & THE SALVATION ARMY AND DURHAM ROTARY INNOVATION FELLOWS (Kate Elia, Marlon Torres & William Jackson)

For most of us, I suspect, we associate The Salvation Army with the holiday season --with its Red Kettles and Bell-Ringers to collect money for needy families, and for the cheerful and uplifting music of Salvation Army Bands. Captain Robert Viera, who along with his wife, lead the local Salvation Army, reminded us that The Salvation Army is not just about providing food at Thanksgiving and Christmas, but it is about lending a helping hand to needy people all day, every day of the year around the world.

Captain Viera and his wife are graduates of Evangeline Booth College, in Atlanta, the equivalent of a seminary and training center. Robert recently became a Member of our Club. It is fitting for Rotary to extend a warm welcome to Salvation Army leaders. The mission of both is to serve others.

An outgrowth of Methodism in England, the "Hallelujah" Army, proclaims the gospel of the Christian faith. Dissatisfied by the failure of Protestant churches in 19th Century England to preach to and serve the needs of the poor and uneducated, William Booth began his evangelizing calling. What became The Salvation Army was founded in London's East End in 1865. Since then, The Salvation Army has spread to more than 120 countries. In the United States alone, it serves 30 million people a year in its worship and service centers.

In Durham, its Boys and Girls Club --- which our Club has supported --- provides activities and guidance to 100 kids a day. It makes Christmas more cheerful for another 1,000 children; provides emergency assistance to pay utilities and rent. Worldwide services include hospitals and schools in Africa and Asia.

A historical footnote to the Club's relationship with The Salvation Army is --- according to Club records, our Club has been Bell-Ringing for nearly 50 years --- since at least 1967.

The second class of Durham Rotary Innovation Fellows has hit the ground running. Club Member, Christopher Gergen, was the driving force behind this innovative project whose goal is to provide "an exceptional leadership development experience for emerging innovators in our community." With its extensive network of members with wide-ranging knowledge and leadership skills, Durham Rotary is ideally situated to participate in this project.

Christopher introduced two of the three Innovation Fellows. Kate Elia founded Growers and Cooks, that makes and markets "fresh bone and vegetable stocks --- not that rehydrated powder stuff in a box or can." She works closely with local meat producers and farmers to obtain fresh ingredients for chicken, beef, and vegetable stock. Take a look at Kate's website to see her products and yummy recipes. (<http://growersandcooks.com>)

Marlon Thomas is the Executive Director of North Carolina Arts In Action, founded 12 years ago to bring the Arts to all kids. Its Mission Statement sums up its goals --- "North Carolina Arts In Action helps children reach their full potential using performing arts as the catalyst to build focus, discipline, self-esteem, teamwork, and leadership." The Program is now in 10 schools, including Holt Elementary School. The Holt students will be performing at the School on Monday, December 5th, at noon and 5:00 o'clock p.m. (<http://www.ncartsinaction.org/>).

Because William Jackson was out-of-town at a conference, Past-President, Lois Deloatch, summarized the Innovative Program --- Village of Wisdom --- that William heads. VOW is aimed at heading off issues of high-risk kids, especially black boys. The involvement of families is a key feature of this initiative. (<http://www.villageofwisdom.org/>).
