

Education Committee input for 29 Jan 2018 board meeting

- We hope to assist EDCI with a March Dr. Seuss reading event(s). An opportunity for members and interested community people to learn more about EDCI, Rotary and our literacy efforts in the community.
- We are working on another VTC event end of March with kids in India. More to come on this.
- 26 Jan is Spelling Bee at YE Smith. Rotary and Rangers have provided all resources to judge the event.
- Vandana and John's Friday Club on engineering, architecture and design is well received at YE Smith. Most recently, the kids studied and learned how to make various trusses.
- Hope to meet soon with the new principal, Dr. Robinson to discuss Books on Break which is coming up in May.
